

Safety, Health, Environment and Quality Policy

Pelchem SOC LTD is a Necsa subsidiary and a global manufacturer & supplier of commodity and speciality chemicals such as hydrogen fluoride, hydrofluoric acid, fluoride salts, fluorine gas, fluorine gas mixtures and a range of speciality fluoride materials to South African and international customers.

Pelchem is committed to:

- Manufacture, supply and distribute commodity & speciality chemicals, and services to meet customer and stakeholder requirements.
- Conform to the OHS Act (Act 85 of 1993), NEMA (Act 107 of 1998) as well as other applicable guides and regulatory standards (ISO 9001 & 14001).
- Demonstrate leadership commitment & responsibility by being actively involved in establishing, integrating, implementing and maintaining the Integrated Management System.
- Ensure prevention of incidents, injuries and ill-health through identifying hazards, assessing risks and implementing effective controls.
- Protect the environment by preventing or mitigating environmental aspects and impacts associated with work activities, products and services.
- Continual improvement of the management systems to enhance SHEQ performance and processes.
- Ensure that SHEQ strategies are compiled; goals and objectives are established, monitored and periodically reviewed.
- Provide organisational capability to ensure effective and efficient operation and performance of the SHEQ management system.
- Communicate this Policy to internal and external stakeholders in support of Pelchem strategic business objectives.
